This book is for those who want to get their laser printer up and running fast while saving money. The author covers all of today's laser and LED printers, giving readers the practical information and guidance they need to perform their own repairs. Step-by-step troubleshooting flowcharts make it easy to identify the cause of particular problems and perform necessary repairs.

This book brings together research into, and experience of, the practicalities, benefits, limitations, and ways of thinking theologically and pedagogically about Reflective Practice Groups for Clergy, and advocates this as providing opportunity for enhancing well-being, theological development, pastoral supervision and spiritual formation in community.

Explains how to build complex scripting functionality with minimal coding, providing coverage of functions ranging from incorporating Ajax apps and overcoming the limits of HTML and CSS to building plug-ins and using animation. Original.

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities

than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Curvaceous, friendly and wholesome-looking, Playboy pinup Betty Page was the perfect complement to the still-innocent fantasies of young men during the Eisenhower years. *Betty Page Confidential* includes a biography of the reclusive goddess, an official Betty Page trivia quiz and 100 photos. *Betty Page Confidential* is the ultimate book on this 1950s icon.

It's easy to identify rage in people who lose their temper at traffic jams, unruly children, unresponsive coworkers, and unrealistic bosses. But we may not recognize more subtle manifestations of anger, such as being uncomfortable with loose ends, acting impatiently, or being overly critical. That is anger, too. And, as is so often the case, angry folks don't seem to realize that the behavior causing them problems at home or at work actually stems from unrecognized and unresolved pain and emotional injuries from the past. Is all this negative emotion inevitable, or are there choices about how to respond, choices that can improve personal relationships as well as emotional health? *The Anger Trap* is a landmark book that strips away the myths and misconceptions about anger and reveals how you can learn to distinguish between healthy and unhealthy anger so that you may choose—or help someone else to choose—a better, more spiritually enlightened path. *The Anger Trap* examines the root causes of anger and can help you realize your patterns and break the destructive cycles of criticism, frustration, and irritation that hurt you and others around you. Drawing insight from timeless spiritual wisdom as well as cutting-edge research, Dr. Carter offers practical techniques to free you from anger, its hidden insecurities, fears, and selfishness and thereby improve the quality of your home and workplace life. The book clearly illustrates how the change process works and *The Anger Trap* is filled with real-life examples of the ways people have come to terms with their anger by applying the concepts Dr. Carter outlines.

Bruce Lee was instrumental in the global popularity of martial arts, and not even death has diminished his fame. This official book shows the whole of his life in pictures, all sourced from the extensive Lee family archives—including many photos Bruce himself took on set, at home, and during martial arts demonstrations. These fan-pleasing images range from classic theatrical poses to the never-before-published.

The great advantage of cooking in bulk on weekends and freezing is that it gives you the luxury of some no-cook nights during the week. Lots of dishes can be cooked in advance - casseroles and curries in particular benefit from slow cooking, freezing and slow reheating. Pasta sauces, especially tomato-based sauces and bolognese, can be cooked in bulk and frozen, and then all you have to do is boil some pasta when you get home from work. Some dishes which are quickly cooked like hamburgers and fish cakes can be prepared, frozen and then thawed and cooked. This book will become the busy cook's best friend.
