These two fascinating works are combined into one volume that includes an interesting biography, background information on the writing of

the music, indispensable performance suggestions and a listing of recommended readings and recordings.

The phenomenal New York Times bestseller that “explores the upstairs-downstairs goings-on of a posh Parisian apartment building” (Publishers Weekly). In an elegant hôtel particulier in Paris, Renée, the concierge, is all but invisible—short, plump, middle-aged, with bunions on her feet and an addiction to television soaps. Her only genuine attachment is to her cat, Leo. In short, she’s everything society expects from a concierge at a bourgeois building in an upscale neighborhood. But Renée has a secret: She furtively, ferociously devours art, philosophy, music, and Japanese culture. With biting humor, she scrutinizes the lives of the tenants—her inferiors in every way except that of material wealth. Paloma is a twelve-year-old who lives on the fifth floor. Talented and precocious, she’s come to terms with life’s seeming futility and decided to end her own on her thirteenth birthday. Until then, she will continue hiding her extraordinary intelligence behind a mask of mediocrity, acting the part of an average pre-teen high on pop culture, a good but not outstanding student, an obedient if obstinate daughter. Paloma and Renée hide their true talents and finest qualities from a world they believe cannot or will not appreciate them. But after a wealthy Japanese man named Ozu arrives in the building, they will begin to recognize each other as kindred souls, in a novel that exalts the quiet victories of the inconspicuous among us, and “teaches philosophical lessons by shrewdly exposing rich secret lives hidden beneath conventional exteriors” (Kirkus Reviews). “The narrators’ kinetic minds and engaging voices (in Alison Anderson’s fluent translation) propel us ahead.” —The New York Times Book Review “Barbery’s sly wit . . . bestows lightness on the most ponderous cogitations.” —The New Yorker

La storia dei Beatles come nessuno l'ha mai raccontata. Le librerie sono piene di biografie, saggi, studi sulla musica della favolosa band e sui suoi componenti. Nessuno, però, aveva mai raccontato la loro avventura in forma di romanzo. A parlarci è Doctor Robert (che è anche il titolo di una famosa canzone dei Beatles), un'entità suprema nota come S.T.A.R.R. (Supervisore Tutelare per Artisti Rock'n'Roll, e anche il

cognome del batterista dei Beatles) che si occupa di tutelare e indirizzare la carriera della band. Una sorta di angelo custode che li accompagna in ogni momento, che tutto vede e tutto sente. Può assumere qualsiasi identità, rimanere invisibile, essere dappertutto. E svelare come andarono le cose a partire dal 1957, quando giunto quasi casualmente a Liverpool si imbatté in un adolescente che si allontanava da scuola sulla propria bicicletta verde. Quel ragazzo si chiamava John Lennon. Da allora, in un crescendo emozionante di avventure e canzoni, accordi e colpi di scena, Doctor Robert racconta in prima persona - perché è stato parte dell'avventura - in bianco e nero inizialmente per poi esplodere in colori psichedelici, tutta la storia fino al tramonto dei Beatles. Marco Bonfiglio non abbandona la propria passione per i classici. Da quelli della letteratura agli immortali della musica. Con un linguaggio serrato, brioso e brillante, riporta il lettore indietro di cinquant'anni. Per scoprire che in realtà cinque decenni non sono mai trascorsi, che la musica dei Beatles è ancora parte integrante della nostra vita di tutti i giorni. Perché, in fondo, ogni volta che ascoltiamo una loro canzone e ne ricaviamo un'emozione diversa, siamo noi indistintamente i veri S.T.A.R.R. dei Beatles. All'interno - come in tutti i volumi Fermento - gli "Indicatori" per consentire al lettore un agevole viaggio dentro il libro.
