An Introduction
Natural resource~~

Access Free Natural

Economics focuses on the supply, demand, and allocation of the Earth's natural resources. Every man-made product in an economy is composed of natural resources to some degree.

Natural resources can be classified as potential, actual, reserve, or stock resources based on

Access Free Natural

their stage of
development.

~~Introduction to

~~Introduction - Barry C~~

...

Natural resource is a
key input in the
production process
that stimulates
economic growth.

However, the

Access Free Natural

depleting character of natural resources coupled with diminishing returns of factor input implies that dependence on natural resource utilization is not an optimal strategy for sustainable growth.
