"Show Me the Numbers" is rare and special. It is a practical and commonsense guide that you can use in your business today and every day. Stephen Few

Read Book Show Me The Numbers Designing Tables

grounds his principles in the work of Edward R. Tufte and others, extends them to comprehensively address the needs of business, and then applies them to hundreds of examples drawn from his own experience.

poorly designed—painfully
so, often to the point of
misinformation. This
problem, however, is rarely
noticed and even more rarely
addressed. We use tables and
graphs to communicate
quantitative information:
