Pan's life used to be very small. Work in her dad's body shop, sneak out with her friend Tara to go dancing, and watch the skies for freighter ships. It didn't even matter that Tara was a princess... until one day it very much did matter, and Pan had to say goodbye forever. Years later, when a charismatic pair of off-world gladiators show up on her doorstep, she finds that life might not be as small as she thought. On the run and off the galactic grid, Pan discovers the astonishing secrets of her neo-medieval world... and the intoxicating possibility of burning it all down.

War is coming to Marain, a planet dominated by the Quinn corporation and its army of automata, but the invaders are bringing something new to the battlefield, something not seen there in centuries. Humanity. For Moses Smokoska and his little brother Ephesus it means a chance at joining the war and searching for the meaning Moses never found on his family's homestead. For Charles Quinn, the lonely but dedicated CEO of Quinn Corporation, it means a struggle to keep one step ahead of his enemies, both on the field and in the board room, in an attempt to not not only save his family's corporation but to take it to the stars. For the Kamele invaders, war means a chance to spread their glorious revolution to a virgin world. The war might be fought among the stars and in the clouds but it will ultimately be won on the ground, man to man, sword to sword, across a continent that spans the planet. To discover the outcome, you'll have to read "Space Knights: Last on the Line".
