Liz Almore and Juamee Revillame as the lovely pair talks about surviving, business, father figures, maintaining relationships, moving on, and Bane. ALSO IN THIS ISSUE: BC meets Christy Turlington ...

On a sun-filled January day, running back Terrell Davis stood atop a fire truck that slowly wound through downtown Denver during the Broncos' Super Bowl victory parade while 650,000 raucous fans were chanting "TD! TD! TD!" It was a moment of exhilaration and accomplishment for Terrell, whose record-setting, three-touchdown performance against the Green Bay Packers earned him the Super Bowl XXXII MVP. As he waved and gave the Mile High Salute, Terrell couldn't help but think of how unbelievable it all was, how it had taken so much to get to this shining moment. "If I were to jump outside my body and get a chance to read my life story, I would say, 'Man, that's amazing.' I've never heard, seen, or read a story like this--never." Terrell had faced hurdles that make carrying a football seem easy in comparison. There were blinding migraine headaches that had haunted him from the age of seven and almost removed him from the Super Bowl; a capricious father, who toughened Terrell in unorthodox ways, yet helped mold him into the person and player he is today; an arrest in college that could have cost him everything he ever wanted; a contentious relationship with his head coach at the University of Georgia that made him more determined than ever. At Lincoln High School, before being switched to fullback during his senior year, Terrell was a nose guard, attracting scant attention from colleges. At Long Beach State, his college of choice, the football program folded two seasons after Terrell arrived. At Georgia, Terrell saw his stock and reputation almost irreparably damaged, all leading to him becoming the 196th player and 21st running back selected in the 1995 NFL draft. Finally, in his rookie year with the Broncos, he battled from being a sixth-string running back to starter in the span of only one summer. Not since his Pop Warner days, when he was known as "Boss Hogg," was he thought of as a go-to guy, and now, here he was, one of the NFL's top players. TD: Dreams in Motion is a candid and surprising autobiography, unlike any sports book. It takes you on a journey through Terrell's life and into his mind and heart. It explains how Terrell has been able to maintain the edge that others have lost. It spells out the origins of the Mile High Salute that became a nationally recognized sports symbol and celebration. It discusses the unique relationship he shares with his mother, a remarkable and compassionate woman. Perhaps most important, TD: Dreams in Motion is inspirational. It helps you understand why Terrell has been able to persevere while others he has known have veered off the road. Terrell will overwhelm you not with his moves on the football field, but with his words on the page. Searing and gut-wrenching, lighthearted and funny, honest and real, this is Terrell Davis's own story, the memoirs of a champion.

Dreams In Motion He is the American Football Conference's rushing champion, the outstanding player who has made NFL history rushing for 2,000 yards in a single season. He is the league's 1998 Most Valuable Player. Now in this deeply honest book, two-time world champion and record-setting Super Bowl XXXII MVP Terrell Davis recounts the inspiring, fascinating story of his life, a tale of adversity and triumph that makes carrying a football seem easy. From his Pop Warner days, when he was known as "Boss Hogg" to nearly being overlooked by college scouts; from overcoming migraines to surviving a contentious father; from attending a school whose football program folded after he arrived to a difficult intercollegiate sports career; from his battle from sixth string to starting running back for the Broncos his rookie year to becoming one of the NFL's top--and nicest, most likable--players, TD takes you on a journey into the mind and heart of a superstar. Informative, uplifting, TD shows how Terrell has maintained the edge to succeed others have lost and celebrates his unique relationship with the person he calls "my hero," his mother, a remarkable woman who's been beside him through it all. TD is an extraordinary story--the memoirs of a champion.

A biography of the Denver Broncos running back who was chosen the Most Valuable Player in the 1998 Super Bowl.

This is the first comprehensive, multisport biographical resource to concentrate exclusively on notable African American and Latino American athletes of the last quarter century.

Coach Shanahan knows about achieving bid goals. In three years, he has transformed to Denver Broncos from a "mediocre", "aging" frannchise into the most feared powerhouse in the league, with back-to-back Super Bowl victories in 1998 and 1999 to prove it. Now, in "Think Like a Champion"m Shanahan opens his playbook to show tghe X's and O's of winning, a detailed game plan to help you storm the field of life with foolproof strategies, confidence, and the indomitable will to win. From preparation and scarifice to competition and leadership, his practices of success are simple yet challenging. Everything in Mike Shanahan's life has prepared him to write this powerful book. Armed with his innovative vision, you can improve your chances on Game Day-or any day of the week.

In the twenty-first century there is increasing global recognition of pain relief as a basic human right. However, as Susan Honeyman argues in this new take on child pain and invisible disability, such a belief has historically been driven by adult, ideological needs, whereas the needs of children in pain have traditionally been marginalised or overlooked in comparison. Examining migraines in children and the socially disabling effects that chronic pain can have, this book uses medical, political and cultural discourse to convey a sense of invisible disability in children with migraine and its subsequent oppression within educational and medical policy. The book is supported by authentic migraineurs' experiences and first-hand interviews as well as testimonials from a range of historical, literary, and medical sources never combined in a child-centred context before. Representations of child pain and lifespan migraine within literature, art and popular culture are also pulled together in order to provide an interdisciplinary guide to those wanting to understand migraine in children and the identity politics of disability more fully. Child Pain, Migraine, and Invisible Disability will appeal to scholars in childhood studies, children's rights, literary and visual culture, disability studies and medical humanities. It will also be of interest to anyone who has suffered from migraines or has cared for children affected by chronic pain.

An illustrated biography of the Denver Broncos running back who is emerging as one of the all-purpose offensive powers in the National Football League.
