readers to the key features of American political, social, and economic history. This new edition focuses more closely on the theme of the American journey, showing that our attempt to live up to and with our ideals is an ongoing process that has become ever more inclusive of different groups and ideas. Covering the period of Reconstruction after the Civil War to the present, and including the events of 9/11/2001, prominent coverage is given to politics, religion and the Great Wars. Hundreds of maps, graphs, and illustrations help readers absorb history and bring it to life. For those interested in a

American Revolution The story of the Boston Massacre--when on a late winter evening in 1770, British soldiers shot five local men to death--is familiar to generations. But from the very beginning, many accounts have obscured a fascinating truth: the Massacre arose from conflicts that were as personal as they were political. Professor Serena Zabin draws on original sources and lively stories to follow British troops as they are dispatched from Ireland to Boston in 1768 to subdue the increasingly rebellious colonists. And she reveals a forgotten world hidden in plain sight: the many regimental wives and

children who accompanied these armies. We see these families jostling with Bostonians for living space, finding common cause in the search for a lost child, trading barbs and and sharing baptisms. Becoming, in other words, neighbors. When soldiers shot unarmed citizens in the street, it was these intensely human, now broken bonds that fueled what quickly became a bitterly fought American Revolution. Serena Zabin's The Boston Massacre delivers an indelible new slant on iconic American Revolutionary history.

imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning."

—New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher

Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps

away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being

compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.
