Understanding Price Action is a must read for both the aspiring and professional trader who seek to obtain a deeper understanding of what is commonly referred to as "trading from the naked chart". With hundreds of examples commented on in great detail, Volman convincingly points out that only a handful of price action principles are responsible for the bulk of fluctuations in any market session—and that it takes common sense, much more than mastery, to put these essentials to one's benefit ...

A clear and concise way to describe price action from a trader's perspective. Easy to understand, bar by bar analysis, Bob Volman explains the thinking behind each bar action and the interplay between the round number levels, support and resistance levels and how they relate to breakouts, all on the 5-minute chart.
